

PT-224 PVC Dicing Tape

Pantech PT-224 dicing tape is a non-UV type PVC dicing tape. It can recover easily after expansion. It is specially designed for wafer dicing process.

It is RoHS 2.0 free.

Characteristics:

Catalog No.	PT-224
Thickness of substrate	0.070 mm
Total thickness	0.080 mm
Tensile strength	4.5 kg/in.
Elongation Adhesion to steel	200 % 150 g/in. (1.2N/20mm)
Color	transparent blue
Substrate	PVC
Adhesive	Acrylic
Liner	50 μ PET release liner
Standard width	1,200 mm
Standard length	100M
